Sugar Mountain Resort Summer Trailmap

SUGAR IS SWEET FOR MOUNTAIN BIKERS & HIKERS

Sugar Mountain Resort welcomes mountain bikers and hikers to explore the diverse, challenging and beautiful trail system that winds throughout the Village of Sugar Mountain. Trail access is free and can be obtained at numerous points. However, we recommend you begin your trek at the mailbox located at the base of the Flying Mile Slope. (see reverse side for details)

If up is not your preferred direction of manual travel; chairlift rides are available every weekend (weather permitting of course) beginning in early July and ending in early September. The 40-minute roundtrip lift ride will take you to Sugar Mountain's 5300 ft peak. The views along the way are spectacular and unforgettable.

Please respect nature, be responsible, safe and smart. Helmets are required when riding a bike within the Village of Sugar Mountain.

Schedule of Events:

August: Showdown at Sugar
MTB Competition & Festival
October: Oktoberfest

For more specific information regarding our summer activities, please call 828-898-4521 or check out our Website at www.skisugar.com.
